**==========**

**This work of art reflects life in Ireland at the turn of the last century, and by rejecting euphemism, reveals to the Irish their unromantic realities. Each of the 15 stories offers glimpses into the lives of ordinary Dubliners, and collectively they paint a portrait of a nation.**

**James Joyce's Dubliners is a vivid and unflinching portrait of "dear dirty Dublin" at the turn of the twentieth century. These fifteen stories, including such unforgettable ones as "Araby," "Grace," and "The Dead," delve into the heart of the city of Joyce's birth, capturing the cadences of Dubliners' speech and portraying with an almost brute realism their outer and inner lives. Dubliners is Joyce at his most accessible and most profound . . .**
